

5 First Date Questions That Actually Work

Forget "what do you do?" These five questions spark real connection — and make you unforgettable.

1

"What's something you're really proud of that most people don't know about?"

Gets past the resume. People light up sharing quiet wins — and they remember you for asking.

2

"If you had a free month with zero commitments, what would you do?"

Reveals values, dreams, and energy instantly. Much more interesting than "what are your hobbies?"

3

"What's something you've completely changed your mind about?"

Shows intellectual honesty and self-awareness. Sparks real conversation, not small talk.

4

"What does your ideal Sunday look like?"

Subtle compatibility check. Tells you everything: introvert vs. extrovert, active vs. relaxed, routine vs. spontaneous.

5

"What's the best piece of advice someone ever gave you?"

Invites a story. People share something personal that shaped them — and suddenly you actually know them.
